EDUCATION

2023 - 2027
B.Tech In AIML - CGPA 8.10
Kongu Engineering College, Erode

2022 - 2023
12th Std - 88%
Sri Vidya Mandir Matric Hr, Sec School, Namakkal.

2020 - 2021
10th Std - 88%
Sri Vidya Mandir Matric Hr Sec School, Namakkal.

AREA OF INTEREST

- Machine Learning
- Web Development
- Data Analytics

TECHNICAL SKILLS

Programming Languages

- Java, Javascript, Python

Frontend

- React JS, HTML, CSS

Backend

- Node JS, Express JS

Database

- Mongodb, Firebase

Tools

- Github

CERTIFICATIONS

- Java Se-17 Developer
- Mongodb Associate Developer

PROFESSION SUMMARY

Passionate about continuous learning and academic excellence. I am an adaptable individual with strong problem-solving skills and a quick-learning mindset. I aim to innovate and contribute meaningfully to the field of engineering through dedication and teamwork.

EXPERIENCE

Pluto Intero – Full Stack Website Development

Developed a full-stack website for a startup focused on selling eco-friendly decoration lamps made from the reused plastics. Implemented features for product display, user authentication, and online interaction using the MERN stack and Firebase.

PROJECTS

Plant Disease Prediction

- Developed a CNN-based plant disease prediction system to classify plant diseases from leaf images for early and accurate disease detection.
- Tech Stack: Python, MobileNet-SSD, TensorFlow/Keras, OpenCV, NumPy, React.js,

RAG-Powered Document Chatbot

- Developed a RAG-based document chatbot that enables users to upload documents and receive accurate, context-aware answers based on the document content.
- Tech Stack: Python, LLM, RAG, FAISS, Sentence Transformers, React JS

AI Study Buddy (Math Bot)

- Developed MathBot, an AI-powered math assistant that solves problems from text, images, camera input, and handwritten equations.
- Tech Stack: Python, OCR, Computer Vision, LLM, OpenCV, cReact JS, Mongo DB

ACHIEVEMENTS

- 1st Place – Paper Presentation, PSG College Coimbatore
- 1st Place – Paper Presentation, KEC Erode
- 3rd Prize – BYTS India Hackathon 2025 (24-hour AI Hackathon)
- 1st Prize – Interactive Tamil Language Chatbot (Internal Club KEC)
